HUGHES MAKES ANNOUNCEMENT OF OBSERVERS

Ambassador Child and Minister Grew are Named

(By The Associated Press)
WASHINGTON, Nov. 14.—Ambassador Child at Rome and Minister Grew at Bern, will be the American observers at the Near Eastern conference at Lusanne, the State department announced today. Rear-Admiral Bristol, high commissioner at Constantinople will be named as the commissioner as his other duties will not permit him to be in continuous attendance at the conference. Instructions under which the American group will act in the peace conference at Lusanne, the State department announced today. Rear-Admiral Bristol, high commissioner at Constantinople will be named as the commissioner as his other duties will not permit him to be in continuous attendance at the conference. Instructions under which the American group will act in the peace conference at Lusanne, the State department announced today.

A number of secretaries including Harry G. Dwight of the near eastern division, of the state department will be attached to the American representatives.

Department officials would not comment on the nature of the instructions under which the observers will act. The scope of American participation in the proceedings at Lusanne was clearly defined by Secretary Hughes in advance of receipt of the actual invitation. In his communication to the allied governments of Oct. 20, Mr. Hughes said:

"To safeguard such (American) interests and to facilitate the exchange of views the government of the United States is prepared to send observers to the proposed conference if this action is agreeable to the powers concerned. Without participation in the negotiations of the treaty of peace these observers would be able to indicate this government's position in greater detail than is possible in this side memoir and they could also inform the American government of the attitude of the other powers in matters where there are mutual interests."

Outline is Broad
This outline indicates the broad character of instructions to the observers in order to make the American viewpoint on questions at Lusanne available as they may arise, wherever American interests are touched. The further preliminary statement of subjects of particular American concern made in the same communication by Mr. Hughes show that the observers will have to deal with matters of basic importance in the conference aside from territorial question of the peace settlements.

CLASSIC EVANSTON CASTS WET VOTE

(By The Associated Press)
CHICAGO, Nov. 14.—Evanston, home of the Woman's Christian Temperance Union voted for beer and light wines by a substantial majority, according to the official canvass of the vote in last week's election announced today. The vote, with one precinct of the town missing, gave a majority of 514 votes in favor of the proposed modification of the prohibition law. The official count showed yes 4,811; No 4,297. The total vote of the missing precinct is not enough to change the results. It had previously been announced that Evanston, known as the prohibition stronghold of Northern Illinois had returned a majority against the beer and light wines proposition. The state returned approximately a two to one majority in favor of modification. Prohibition advocates have explained the Illinois vote was due to the fact that they advised their adherents not to vote on the proposition.

MEXICAN MURDER CONVICT KILLS PRISON GUARD

Joe Martinez Runs Amuck With Knife and Stabs Six Others

(By The Associated Press)
LEAVENWORTH, Kans., Nov. 14.—Joe Martinez, Mexican murder convict who shortly before noon today fatally stabbed A. H. Leonard, captain of the guards at the federal penitentiary was said tonight to be in a serious condition in the hospital where he was taken after he had stabbed Leonard and knifed six other guards. Martinez was captured by guards only after he had been shot and he had been pelted with coal in the coal bunker where he hid after the stabbing. Hospital authorities state that he has a fractured skull. In the opinion of Warden W. I. Biddle, the men fancied he had some sort of grievance against Leonard, fashioned the knife from a piece of steel and used the improvised weapon at his first opportunity.

After prisoners had been taken to the barber shop this morning, one of them warned William Dodge, a guard, that Martinez was carrying a knife. Dodge demanded the knife and Martinez stabbed him. Joseph Durkin, another guard, approached and attempted to disarm the apparently crazed man. Martinez stabbed him also.

Captain Leonard then rushed in and tried to obtain the knife. Martinez stabbed him in the left side the blade entering the heart. Captain Leonard staggered a few feet and fell. By this time other guards had been attracted to the scene. Martinez was stabbing right and left. He knifed four other guards of whom two were only slightly wounded. The condition of Dodge and two others, while serious, is not thought to be critical. Leonard leaves a wife and three children.

ASSISTANCE IS OFFERED CHILE BY PRESIDENT

Proffers Aid to Victims of Big Earthquake Catastrophe

(By The Associated Press)
WASHINGTON, Nov. 14.—President Harding in a cablegram to President Alessandri of Chile made public today offers of assistance to the people of Chile who suffered from the earthquake catastrophe. "I am deeply shocked to learn of the terrible catastrophe which has befallen your country causing so great loss of life and property," President Harding said. "My countrymen join with me in extending heartfelt sympathy in this hour of widespread suffering and grief. The American Red Cross will hold itself in readiness to render such assistance as may be in its power and I beg that your excellency will not hesitate to let me know if this organization can serve the people of the stricken districts in any way."

The state department also made public reports from American consular officers describing conditions in their districts resulting from the earthquakes. Consul Deichman at Valparaiso said in his opinion earthquake damage north of Valparaiso was sufficient to warrant moderate financial assistance of the American Red Cross. Many houses were destroyed and families are destitute, the message said, the probable loss of life being 1,000 and wounded numbering between 4,000 and 5,000, according to official advice he had received.

ALTON SHOPMEN ENGAGE ATTORNEY

Bloomington, Ill., Nov. 14.—It is understood here that prominent lawyers of Springfield, who represent the miners' union and are familiar with legal controversies in which labor is interested, have been engaged by the Chicago & Alton Shop Federation to make a test in the courts of the new union in the Bloomington shops and also to test the legality of the dues collected by the company for the same. It is expected that this case will be filed in the federal court in Springfield and will be in the form of writ of injunction, asking that the company be restrained from deducting the dues from the wages of the employees.

IOWA CORN BUYERS BID 64c PER BUSHEL

Des Moines, Ia., Nov. 14.—Local corn buyers today bid 64 cents a bushel for Iowa corn. Col. L. W. Ainsworth, secretary of the Des Moines Board of Trade said. The Iowa corn is on a competitive basis for the first time in six years and indications are that prices will continue to rise.

OPERATORS AND MINERS DISCUSS NEW WAGE SCALE

Two Tentative Plans of Procedure are Being Considered

(By The Associated Press)
CHICAGO, Nov. 14.—With two tentative plans under consideration of a sub-committee coal operators identified with the Cleveland wage conference of last August will resume their second day's session with the mine workers tomorrow to formulate a method of procedure for making a new wage agreement at a point meeting scheduled for January 8, either in Cleveland or Chicago. The present agreement with the soft coal miners which ended a five months coal strike expires March 31. The Cleveland agreement, anticipating its expiration, provided for this committee which is now meeting in Chicago in the hope of averting another coal strike next spring.

One plan reported to have been proposed provides for a national executive board of miners and operators to establish a national basis for wages—doing away with the old Central competitive field basis with differentials above and below for districts which operate under extraordinary conditions. The other tentative plan it was stated, proposes a national joint committee to formulate an agreement that will be upheld by both sides at the January conference.

Both plans are regarded in some circles as a concession to the miners as it is known they favor national agreements while the operators prefer separate or district settlements. The author of the first plan, it was said, intended that the miners' desire for a national agreement would be met while the operators would still retain some degree of autonomy of certain districts.

In the joint session this afternoon which lasted only a short time, John L. Lewis, president of the United Mine Workers declared the miners are "in an open frame of mind ready to discuss any proposals from the operators."

After Mr. Lewis' short talk the joint session adjourned and the operators took up discussion of their two plans.

Both sides expressed beliefs that some method of procedure fixing the 1923 wage scale would be adopted here thus averting another nationwide soft coal strike in April. Officers of the Cleveland wage conference, P. H. Penna, of Terre Haute, Ind., chairman; A. G. Edwards, representing the operators and William Green representing the miners, joint secretaries, were elected to serve during the joint session.

MAY HOLD SECRET OF EINSTEIN THEORY

(By The Associated Press)
HONOLULU, Nov. 14.—Twelve photographic plates, carefully packed and closely guarded, have passed thru here today bound for San Francisco from Sydney, Australia, are believed to hold the secret of whether Einstein is right or wrong.

The plates are the results of photographs of the recent solar eclipse, taken at Wollai, Australia by Professor W. W. Campbell, of Lick Observatory, California, and his assistants. Professor Campbell said that surface inspection of the plates indicated that the exposures had successfully registered the heavenly panorama as it stood during the darkening of the sun Sept. 21 last, but the microscopic measurements would have to be made before any announcement of the bending of star rays in their passage to the earth.

BANK RECEIVER MAKES REPORT

St. Louis, Mo., Nov. 14.—The receiver of the defunct Bankers' Trust company which closed in 1914, today reported that \$4,224,810 of book values, or so-called assets had been found to be worthless. The majority were of stocks and bonds, the value of which have been declining steadily the receiver added that \$3,000,000 in liabilities had been liquidated and that only \$150,000 in claims remained to be adjusted.

SHERIFF'S SON FINED FOR HAVING LIQUOR

Peoria, Ill., Nov. 14.—A fine of \$500 was assessed in United States district court late today against Washington E. Hines, son of Sheriff Lewis Hines of this county, on a charge of possessing intoxicating liquors.

Make Every Purchase Increase Your Chance For Valuable Gifts

Today is the opening date of the Jacksonville merchants' great gift campaign. Patrons of Jacksonville stores will be wondering during ensuing weeks whether the first of the year will see them the owners of the beautiful Paige car or some other of the very handsome gifts that co-operating merchants have arranged to present to their patrons. The various gifts are on display in the Park hotel building at the corner of North Main street and the square. One hundred and seven firms are co-operating in this great campaign, and purchasers of groceries, dry goods, clothing and all other necessities of life can be secured from the merchants who are offering these gifts to their patrons.

More than \$6,000 has already been expended for these gifts and a visit to the store room will afford ample proof of the generous campaign that the co-operating merchants have outlined. Mrs. A. R. Taylor will be in charge of the gift room and will be glad to receive visitors and give any details concerning the plan that are desired.

The Paige and Ford cars are at the head of the gift list, but there are others almost as attractive. A solid walnut dining suite is in the list. Or if you do not become the owner of this handsome set, the \$250 Pathe phonograph may be yours. A white enamel kitchen cabinet, a sewing cabinet, Axminster rug, an electric washing machine, a brass bed, a fernery or any one of another score of beautiful gifts may be yours and without cost.

Business has been rather quiet for the past two or three days as many people have been waiting for the opening day of the campaign, so that they may at once begin the collection of gift coupons, and thus be in line when the distribution is made.

L. W. W. DISCUSS GENERAL STRIKE

(By The Associated Press)
CHICAGO, Nov. 14.—Discussion of a general strike in an attempt to secure general amnesty for war time law violators next spring will be taken up at tomorrow's sessions of the national convention of the Industrial Workers of the World, it was announced today.

The amnesty question was brought up in a general way today when a telegram was received by the convention from the I. W. W. in California in which it was asserted that a strike called by the I. W. W. had tied up the power plant project of the Southern California Edison company near Fresno, involving 1500 men who are striking for general amnesty for war time law violators and the eight hour day.

This is the second strike called by the I. W. W., in California to try to secure general amnesty it was stated.

Walter Smith, recently tried at Sacramento on a charge of criminal syndicalism, the jury disbelieving, read a bulletin issued by the department of agriculture in an effort to refute charges that the I. W. W. had engineered a plan to poison meat in Chicago which was intended for the United States army during the war.

ARMY AVIATOR KILLED IN CRASH

(By The Associated Press)
BALTIMORE, Md., Nov. 14.—Lieutenant Edwin C. Shrader, of the third corps was killed in an airplane accident at Logan Field today. He recently had been transferred for special duty from Fort Sill, Okla. Lieutenant Francis A. March, son of Professor March of Lafayette College, a passenger in the plane was only slightly injured.

According to eye witnesses of the accident the officers who were flying in a Bellaville four seated plane, were in the air about an hour and were getting ready to make a landing. When about fifty feet from the ground witnesses said the engine stopped dead. The plane was moving too fast to permit of a safe landing. Suddenly the plane turned into a nose dive and crashed. Shrader's home was said to be either in Wisconsin or Iowa. Pending Board from the war department no disposition will be made of the body.

MASONS ATTEND CONSISTORY MEET

The third day events of the fall session of the Springfield Consistory will occur today. Among local Masons who were in attendance yesterday were Julius G. Strawn, Charles H. Ward, Charles Buhner and Thomas Barber. Local men who have taken the degree work were W. A. Ginnett, of Orleans and Fred Faugust of Jacksonville.

FOUR AGENCIES ARE SELECTED TO HANDLE BONUS

Decision is Reached at Meeting Held in Springfield

(By The Associated Press)
SPRINGFIELD, Ill., Nov. 14.—Agencies to serve the ex-service men of Illinois in filing out their applications for the soldiers' bonus were today narrowed down to four. The Associated Press learned authoritatively. The agencies are: County Clerks, the American Legion, the Veterans of Foreign Wars and the Spanish-American War Veterans.

These four will be the only official agencies to represent the former soldiers of the World War in bonus matters, it was announced. Adjutant General Carlos E. Black originally had under consideration eight organizations, including besides the four selected, the Y. M. C. A., the Knights of Columbus, the Jewish Welfare association and the Red Cross. In order to avoid the possibility of confusion from a multiplicity of organizations only four were selected.

The bonus application forms have been completed. They are said to be very plain. They indicate that the two mooted questions of what constitutes a day of service and the time of service included have been settled.

The "residence" which will entitle an ex-soldier to the bonus is legal residence within the state at the time of his induction into service. It was explained that physical residence within the state is not necessary. Service which extended beyond the armistice of November 11, 1918, will be included in the payment. Wording of the law had cast some doubt on whether time served after that date would be included. It has been determined that those entitled to the payment will receive 50 cents a day for each day served after April 6, 1917, the date of the declaration of war.

There will be two forms on which to make application. Form No. 1 will be for all ex-service men. Forms may be obtained by writing to the service recognition board at Springfield. Details of the plans for paying the bonus were discussed by William J. Setcliffe, department adjutant of the American Legion, William F. McCauley, former state commander of the Legion, and Adjutant General Black in all day session today. Complete detailed plans are soon to be announced General Black said.

SHERIFF'S POSSE CHASING GUNMEN

(By The Associated Press)
SAUGATUCK, Mich., Nov. 14.—A posse led by F. H. Leland, deputy warden of the Iona penitentiary and under orders to shoot to kill, was in close pursuit tonight of the "Toledo gang" of gunmen who escaped last Wednesday from the prison.

The trail of the fugitives, picked near here, led to the dune country in the vicinity of Massawaka park, where the posse believed the bandits would make a stand and fight their pursuers. The fleeing men left a trail of robberies behind them. After their escape they forced a farmer to drive them to Grand Rapids, Mich. From there they went to Jamestown, where they stole an automobile and proceeded to Holland and then to Castle Rock abandoning their machine there. In each city they perpetrated robberies. They were last seen at a cottage colony near here.

LINCOLN CIRCUIT MARKING ASSOCIATION

(By The Associated Press)
DANVILLE, Ill., Nov. 14.—The annual meeting of the Lincoln Circuit Marking association ended tonight with a banquet attended by 75 persons at which short talks concerning the work of the association and incidents of Lincoln's circuit riding days were made. The following officers were elected: President—Judge Franklin Bombs, Urbana. Vice President—Mrs. H. E. Chubbuck, Peoria. Secretary—Jessie Palmer Webster, Springfield. Treasurer—Andrew Russell, Springfield. Miss Lottie Jones, Springfield; Dr. Otto L. Schmidt, Chicago; L. K. Freese, Eureka; Mrs. E. W. Wagner, Urbana, and Judge Lawrence B. Stringer, were elected members of the executive committee.

East St. Louis, Ill., Nov. 14.—Husbands are not always to be blamed for deserting their wives, Mrs. W. R. Chivvis, court representative of the board of religious organizations of St. Louis, told delegates attending the Illinois conference on public welfare here. She cited interference of the mother-in-law, absence of culinary knowledge and poor housekeeping as justifiable causes for wife desertion. The conference will end today.

NO PROGRESS IS MADE TUESDAY IN SELECTION OF JURY

No Tentative Selections Were Made at Session Yesterday

(By The Associated Press)
MARION, Ill., Nov. 14.—Progress was retarded today in the selection of a jury to try five men in connection with the Herrin mine killings last June and at the adjournment of court only three prospective jurors, who were accepted tentatively yesterday by the state were in the jury box, none having been accepted today. The prosecution was forced to use eight more of its preemptory challenges today and with the sixth used yesterday is left with 86, while the defense has used only one of its 100 challenges. Of the first panel of 130 veniremen only 35 remain to be examined.

The others have been excused for sickness, for being acquainted with the defendants or account of their occupations as coal miners. In questioning the veniremen State's Attorney Duty asked the prospective jurors, who were miners whether they had formed any opinion on the question. These men were excused by the state without cause.

Other veniremen who were miners said they had heard nothing of the riots and that they were unaware of anyone expressing an opinion about them. Ed Caulder, 40 years old of Herrin, a miner and former union officer said he had not heard anything mentioned about riots at meetings of the local miners union. He was excused by the state because he did not believe in the death penalty. The defense made a motion this afternoon for continuance of the trial until next Monday but Judge Hartwell said he would not act on the request until the first panel of veniremen had been exhausted, which is not expected for a day or two.

The continuance motion was made on account of the illness of A. W. Kerr, chief defense counsel.

FURTHER DETAILS OF CHILE QUAKE ARE COMING IN

Dead Will Total 1,500 at Valenar Report Received Tuesday

(By The Associated Press)
SANTIAGO, Chile, Nov. 14.—Each hour brings further details of the great disaster to Chile caused by the earthquake and tidal waves and each new report suffered from the provinces which suffered the full force of the conclusion adds to the list of dead and the enormous damage already recorded.

Advices this afternoon from Valenar in the province of Atacama say that the total dead recovered at that place number 1500, while the adjoining town of Fria is in complete ruins, the casualties not being known.

An official compilation by the ministry of the interior based on reports received by that department earlier in the day gave the number of dead in six towns as 886 and the injured 2,410. The towns were Valenar, Copiapo, Coquimbo, Huasco, Chanaral and Peralta. This compilation therefore did not take into account the hundreds of smaller places within the radius of the earthquake, which are virtually shut off from communication.

Twelve hundred miles of the coast line felt in varying degrees the effects of the great tidal waves which followed the earth shocks and for a large proportion of this distance seaports, towns and villages were inundated. Now, nearly four days after the disaster thousands of farmers are wandering about countryside. Their distress is great for they have little clothing and few supplies.

SHIP SUBSIDY IS TO BE PUSHED AT WINTER SESSION

President Harding Tells White House Callers Tuesday

(By The Associated Press)
WASHINGTON, Nov. 14.—Possible additions of railroad legislation to the ship subsidy and other administration measures on the program for the coming winter in congress was indicated today by white house developments. President Harding was said to have told white house callers he intended to press the ship subsidy bill strongly in the house next week and also thru the senate and this in the face of discouraging reports from Republican congressional leaders. The president also made an appointment with Chairman Cummins of the senate interstate commerce commission to take up in a few days the question of railroad legislation.

Amendment of the Esch-Cummins law to strengthen the railroad labor board was reported under contemplation. The president today made partial plans for the opening next Monday of the extra session of congress. His opening message, which probably will be in the form of a personal address at a joint session next Tuesday will be brief it was said and will be devoted principally to the ship subsidy bill. The opening address also is expected to urge speedy disposition of appropriation bills with a view to a clean up of all pressing business by March 3 and avoidance of an extra session next spring of the new ly elected congress.

The president, it was stated officially at the white house intends to ask the house to take up the ship subsidy bill immediately during the two weeks of the extra session preceding the regular session. The president will make use of the rules committee next week for a special rule to hasten the house vote on the measure. It is believed the president also will promise in his message next Tuesday later recommendations on other subjects. He is required under the law to submit the annual budget to congress at the opening of the December session and this may be the vehicle for further recommendations as to other legislation such as that touching upon railroad questions.

DIFFICULTIES FOR BILL

Increasing difficulties for the ship subsidy bill are reported by returning Republicans. The president was said to have been told today by prominent Republican leaders that there was little if any chance of enactment of the measure by March 3. The administration was said to have been told that the bill in the senate to remove some of the objections. One of the modifications reported in contemplation is a limitation on profits of ship operators receiving government aid a provision similar to the railroad earning clause of the transportation act.

OLD JACKSONVILLE
THE UNDERGROUND R. R., II.
(BY ENSLEY MOORE)
Member Illinois State Historical Society

Bames' book says: Mr. Henry Irving was one of the bravest men connected with the underground railroad; and he did good service x x x. (He was an Englishman). The his principal work was that of conducting he always did what he could in the way of entertaining fugitives. Once he kept a man in the garret of his house for a week, the roads being so closely watched that it was unsafe to start away with his guest and so cleverly did he manage the affair that he finally got away with him in spite of the vigilance of the slave catchers. He and William Strawn (son of Jacob Strawn) took a run-away on horse back to Pleasant Plains, x x x The man was a steward on a steamboat and was quite valuable which caused the owner to pursue him hotly, but he was a bright, active fellow and declared he would never be taken alive.

The darkest nights were chosen for the trips which Mr. Irving made. Parsonson kept the station to which he generally drove, and he speaks highly of the good people in that village who were always so willing to aid the cause. One trip is especially impressed on his memory, which he undertook one very dark disagreeable night. There were something like near a dozen persons on board and the station was between thirty five and forty miles distant. The darkness could almost be felt and the roads being none of the best, no time was to be lost. Frequently he had to get out and feel for the track when passing over the prairie. Once the sound of approaching hoofs caused the hearts of the whole company to stand still, x x x but they were soon relieved by finding that two stray horses had caused their fright x x x Daylight appeared when they were yet some miles from Farmington, x x x Their destination was safely reached, however, and after resting the next day the fugitives went on and their brave conductor returned.

These were times in which political excitement ran high. The anti-slavery feeling was developing and men were risking prosecution, persecution and punishment for aiding fellow beings to escape from the unrighteous slave-masters with whom the nation was cursed. The laws of the state made its citizens slave-catchers and against this the souls of the freedom-loving rebelled.

In another case "Historic Morgan" said: "At one time a slave girl had escaped, and it was suspected that she was hidden at Ebenezer Carter's, two miles from town. Immediately a band of Southern sympathizers rode out there and driving up to the house, the leader inquired of Chamberlain: "Where's your father?" "He's not at home." "Where's your mother?" "She's gone away, too." "Isn't there anybody at home?" "Yes, I'm here." "Is that nigger girl about the place?" "Well, really, I don't believe I can say."

"You'd better say for we have got a warrant, and are going to search the house."

"All right, if you have got legal authority go ahead."

The two daughters were much alarmed but the boy stood his ground, and the crowd left without a clew and cursing the boy for his nonchalance."

Again, Eames writes: "A number of persons now living were acquainted with the history of these days. Among them, Timothy Chamberlain, who says: "I had no active part in the Underground railroad, but when Mr. Henderson or some other person would come to me for money or some clothes, I knew where to go for them. x x x When I was living in Macoupin county a man from Jacksonville came down there to tell a slave boy, who had been brought there from Missouri, that he was entitled to his freedom. He ate dinner with me but suspecting an armed mob, I urged him to flee for his life, which he did, and none too soon. The next day the mob compelled the slave boy to swear that I had put him up to running away and they came to my house with him. The leader drew his pistol and said: "Mr. Chamberlain, you have been putting this boy up to running away, and we are going to set you with you for it." Backing up against the horse I drew a knife and said: "If you attack me I don't expect to live ten minutes, but when I go to heaven I will take several of you with me as witnesses. Your accusation is wholly false but I now say to the boy that he is entitled to his freedom and can get it in any court in the land. You came here to find an Abolitionist, and there was none here, but you see one now right before you. Several of the company began to sympathize with me, and the crowd left. When the second attack was contemplated, some time later, several of these same persons secreted themselves near by without any knowledge, so as to be ready to help me if necessary. x x x My friends thought it safer for me to come back to Jacksonville, which I did."

WILL CASE ON TRIAL IN CIRCUIT COURT
Effort Being Made to Break Will of John H. Braner Who Left Large Estate—Six Codicils to Will—Judge Smith Made Docket Entries.
The suit to set aside the will of the late John H. Braner is now on trial before Judge E. S. Smith in the circuit court. The title of the case is Charles Smith vs. Ennis Patton, Elias Braner, Oscar A. Braner, William A. Brodman, Vina Hogan, Maude Grace Greenwood, Newell Braner, Irene Braner and Bert Laughary and John McFadden, executor of the last will and testament of John H. Braner, deceased. Mr. Braner left a valuable estate consisting mainly of farm land.

The complainant is represented by Thompson and Thompson and J. O. Priest and the defendants are represented by Judge M. T. Layman and Walter W. Wright. Mr. Braner died early in the year 1921 and on the 11th of July, 1921, his will with six codicils attached was filed for probate.

The will named John McFadden as the executor and letters testamentary were ordered to issue to him. The complainant in the present case maintains in the bill that Mr. Braner was not competent to draw his will or the codicils thereto, that he was in extremely nervous condition brought about by long continued illness.

The jurors hearing the case are Arthur Perbix, Jay Cooper, Lawrence Dye, Guy Long, T. J. Wilson, R. D. Megginson, Watson Leck, Henry Bersig, James Longorgan, James Myers, Gus McNeeley and Vol Sevier.

Mr. Smith, the complainant in the case, is a nephew of Mr. Braner. The original will was made November 6, 1914, and the first codicil was made on the 24th of November in the same year.

The second codicil was made Dec. 1, 1916, the third codicil Nov. 5, 1918, the fourth codicil April 12, 1919, the fifth codicil Dec. 26, 1919, the sixth codicil Nov. 5, 1920.

The purport of the will was to bequeath to Ennis Patton two-fifths interest in the estate, to Elias Braner one fifth, to Oscar Braner, one fifth, and to William A. Bridgman one fifth.

The first codicil which as indicated was made Nov. 24, 1914, was witnessed by John H. Russell and Edward M. Dunlap and it was given for the purpose of identifying Elias Braner as the son of David Braner and to distinguish another cousin of the testator.

In the second codicil the purpose was to revoke the bequest of one fifth to Oscar Braner and to give that interest to Mrs. Vina Hogan. This codicil was witnessed by John H. Russell and William C. Brune.

In the third codicil the bequest to Mrs. Hogan was revoked and provision made instead that the one-fifth interest mentioned should go to Mrs. Hogan's daughter, Maude Grace Greenwood. This codicil was made Nov. 5, 1918, and had John H. Russell and Edward M. Dunlap as witnesses.

In the fourth codicil the one-fifth interest set aside for Maude Grace Greenwood was revoked and provision made that it should be bequeathed to Newell Braner. This codicil, dated April 12, 1919, was also witnessed by John H. Russell and Edward M. Dunlap.

In the fifth codicil the bequest to Newell Braner was changed and provision made that this part of the property descend to Irene Braner. This codicil was made the 26th day of December, 1919, and was witnessed by John H. Russell, Edward M. Dunlap and W. E. Thomson.

The last codicil was made Nov. 5, 1920, whereby the provision for Irene Braner was revoked and the one-fifth share in the property bequeathed to Bert Laughary. This final codicil was witnessed by Mr. Russell and Mr. Dunlap.

There are numerous witnesses to be examined and the case promises to occupy several days' time in the court.

MT. EMORY WOMEN PLAN FOR THANKSGIVING
The Parsonage Club of Mount Emory Baptist church met Tuesday afternoon at the church. The devotional services were conducted by the pastor after which the president, Mrs. Frances Johnson, declared the meeting open for business. The first business called by the president was for the election of a vice-president and Mrs. Ida Guthrie was chosen. The sick members were mentioned special reference being made to the condition of Mrs. Lydia Thinsley. The club completed arrangements for the Thanksgiving dinner. The menu for the dinner was announced as follows: Turkey, rabbit, chicken, opossum, cranberry sauce, cream potatoes, tomatoes, glazed sweet potatoes, creamed peas, scalloped corn, cold slaw, celery, apple, pumpkin and cream pies, bread, butter and coffee. It was decided that the dinner should be served at 42 cents. The secretary reported \$16.80 received since the last meeting.

SPAULDING TALKS ON NEW STATE CODE

Commissioner of Springfield City Council Discusses Public Utilities Sections.

Commissioner Willis J. Spaulding in the fourth of a series of articles on the new state constitution in the State Register, discusses the public utilities sections. The hands of cities are tied by the proposed basic code, he says, in the article which follows:

"By effectually tying the hands of cities, the proposed new constitution sacrifices the interests of the consumers of utility service, to the private utility corporations. Shortly before the assembling of the constitutional convention, there was a convention held by representatives of more than one hundred of the larger cities and towns of Illinois. This convention was united in a demand expressed by appropriate resolutions, for a provision in the constitution which would give cities additional bonding power for acquiring self-supporting utilities.

"It was argued that cities should be given the right to use utility property as a basis for additional credit in a sum approximately equal to the value of the utility acquired, just as a private individual may borrow money in proportion to the property he owns. It was also urged that cities be given the right to cooperate with each other in supplying utility service so that one central station might supply a number of cities, thereby securing service for their citizens at minimum cost, as has been done in Canada. In the interest of monopoly and against the common citizens and proposals were denied.

Tolls of Canadian Rates
"In the province of Ontario, Canada 234 municipalities are receiving central station electric energy at cost from Niagara Falls and certain other central stations the entire system being owned and operated co-operatively with a combined investment of two

hundred millions of dollars. Rates are the lowest in the world and are less than half those charged just across the line where on the American side power from Niagara Falls is distributed as a private monopoly, rather than as a public service. While the rates on the Canadian side are much lower, they are sufficient to cover the cost of service, interest depreciation and reserve to retire the principal. Not a cent of taxes is levied for the benefit of this splendid enterprise.

"In the proposed new constitution the debt limit is such that it would be impossible to buy out an existing utility or to construct a new one of adequate capacity. A city owning ten millions worth of self-supporting utility property can not borrow a cent more than if it owned nothing at all. This means that the citizens of Illinois will be the victims of public service monopoly with no protection except state regulation, which has proven impracticable and futile. While the legislature may give cities the right to own utilities, it may not give them the right to finance them.

"To thus tie the people's hands is worth many millions to the utility corporations of the state. Taking electric service in Springfield as an example: The difference between monopoly rates and the rates of the city-owned plant amount to nearly 50 per cent, or \$15.00 per year on the average to each head of a family. Applying this rate to the entire state would mean a saving of about twenty million dollars per annum at the present time. This represents the apportioned premium which users of electric energy contribute to monopoly, and this is only one utility.

Utility Interests Stood Pat

"Needless to say, the utility interests in the constitutional convention stood solidly against giving cities any adequate powers for self-protection. They shrewdly made their fight in the convention against permitting the cities to become verberburdened with debt and said nothing about the protection to private monopoly interests. While the public debt argument is plausible, it is nevertheless delusive. When utilities are owned by a private corporation, the outstanding bonds and stocks upon which the people (consumers), must pay interest, usually represent from two to three times the actual cost of the utility, and the interest rate is 7 per cent or more. When owned by the city the bonds represent the actual value of the utility and draw only 5 per cent. Whether the bonds are issued in the name of a private corporation or in the name of the city, the people (consumers), must pay the interest and also the principal, if it is ever paid. Under private monopoly the bonds are an indirect lien on the consumers. So the real question is: Shall we for example, pay 5 per cent on one million dollars of bonds issued by the city or shall we pay 7 per cent on three million dollars issued by private monopoly?

"Charges for necessary utility services are analogous to a tax. Springfield people can not buy their street car rides or gas service in Chicago, but must take it here at the rates imposed. The magnitude of this kind of tax is not realized because it is paid in small items each month or each day. To the average resident of a city these indirect taxes amount to twice as much as the direct taxes paid annually to the county treasurer. For instance, in Springfield—for local utility service excluding telephone and telegraph there is collected over two and one-half million dollars per year, while the entire tax bill for city and school purposes combined is less than one-half that sum.

"It is said that it is sometimes necessary to protect the minority against the arbitrary rule or oppression of the majority, such as the guarantee of religious liberty etc., but here is a case where the rights of the vast majority are deliberately sacrificed for the benefit of an insignificant minority of stock and bond holders perhaps the most of whom live outside the state.

"This is only one of many instances where the convention has seen fit to restrict the rights of the citizen. Suppression prevents orderly evolution and encourages revolution!"

FRED BATZ BUYS STATE STREET RESIDENCE

The real estate records yesterday noted the transfer by Dr. H. L. Griswold to F. L. Batz of his residence property at the corner of Kosciusko and West State streets.

Dr. Griswold has a new home under construction on Mound avenue and is to give possession of the West State street property to Mr. Batz at a comparatively early date. Until the home on Mound avenue is completed, Dr. Griswold and family will live in the residence at the corner of Kosciusko and Court streets.

WESTMINSTER NOTES.

The Young People's Society of Christian Endeavor will serve the church supper this evening at 6:30 for 25 cents per plate. After the supper Rev. A. E. Smith, of Kentucky, will give a stereopticon address upon "The Mountaineers," among whom has been a leader and teacher for years.

The boy scouts are having lively times under the training of Harold Biglow. There are about twenty in the troop and it is still growing. The hour is Wednesday at 7:15 p. m.

The Westminster Guild will meet on Thursday at 3 p. m.

Dr. Smith has just returned from Chicago where he went on business connected with the Sunday evening services. Next Sunday evening the famous film "The Stream of Life" will be given; one of the finest productions for religious teaching ever made.

The Style Clothes of America

Remember the story of the father who gave his son paper, pen and ink, locking him in a huge library and told him to write a great poem. The boy had all the material but lacked imagination.

Beautiful all-wool fabrics are of little value until, by the wizardry of the tailor's needle, they are fashioned into a stylish garment.

It is this extraordinary skill, this imagination—if you please—that has made the Stratford Clothes above and apart from the usual in clothes. Small wonder that they are termed by young men of better dress "The Style Clothes of America."

Come in and see our Fall Display. A visit of inspection involves no obligation. We're always glad to see you.

WILL TEACH THE PARENTS OF PUPILS

(By The Associated Press)
CHICAGO, Nov. 14.—Plans to conduct classes in sex instruction in the public schools for parents of the children were presented to the board of education today.

The proposals which were taken under consideration would open the school rooms at night for lectures by men and women of recognized standing, including lawyers, lecturers, medical men and welfare workers.

The plan was designed as a substitute to an amendment adopted by the board last week instructing Superintendent Mortensen to introduce sex instruction in the lower grades.

"It is the parents who are at fault," said Dr. Boleslaus Klarsky, who discussed the proposals in a speech before the board, "let us educate them."

MEDICAL STAFF OF PASSAVANT MAKES PLANS

Plans for the purchase of needed equipment for the pathological laboratory formed the leading topic of discussion of the medical staff of the institution at its regular meeting Tuesday noon at the hospital. A luncheon preceded the meeting, which was in charge of Dr. C. E. Cole, president of the board. Some changes in the rules and regulations of the hospital were made and routine business transacted. A full attendance by board members was reported.

FRANKLIN HOMEMAKERS CIRCLE HAD MEETING

The Franklin Homemakers Circle met at the home of Mrs. John Bland in Franklin Tuesday afternoon. The members responded to roll call by naming a monument to an American woman. Papers were given by Mrs. H. A. Sherman on "The American People," and by Mrs. J. B. Perkins on "School Work in the Mountainous districts." At the business session, Mrs. Otha Lewis, the treasurer, gave a report.

A social time and refreshments came at the close of the program.

I. S. D. TEACHERS REVIEWED SUMMER'S WORK

FUNERAL OF INFANT IS HELD AT BLUFFS

Raymond Lee Christison Laid to Rest Monday Afternoon—Interesting Debate Held—Other Bluffs News.

BLUFFS, Nov. 14.—Raymond Lee, the nine year old son of Mr. and Mrs. Ed Christison died at the home of his parents Sunday evening, November 11, after a brief illness of diphtheria. Burial was made in the Green cemetery Monday at 2 o'clock p. m.

Deceased is survived by his parents, six brothers and one sister.

Harold, the eight year old son is also ill of diphtheria at his home. There are no other cases in town.

Rev. N. R. Johnson, worker in interest of the Anti-Saloon league of Springfield, and son, Hayward, gave a joint debate at the M. E. church Sunday evening on the prohibition question or rather the enforcement of the 18th amendment, the son taking the negative side. A spirited argument took place and many facts were presented by both sides which if heeded will be of much value to the voters.

Rev. Johnson was pastor of the M. E. church of Bluffs thirteen years ago and their many friends were pleased to welcome them at this time. After the debate they left for their home in Springfield.

Misses Norma Stinnett, Helen Walton, Betteen Hirsche and Helen Rockwood of Springfield came down Saturday for a visit at the B. F. Rockwood household, the latter remaining until Tuesday evening.

H. L. Caldwell went to Carrollton last evening on business.

BURTON WATSON IS SENATOR IN MONTANA

Brother of Mrs. John Reeve Defeats Well Known Politician In Spectacular Race.

A number of local people will be interested in knowing that Burton Watson of Missoula, Montana, was recently elected state senator there. Mr. Watson, who has been a visitor in Jacksonville a number of times, is a brother of Mrs. John J. Reeve.

Mr. Watson is an engineer on the Northern Pacific railroad and was born on an Iowa farm. He is a graduate of the University of Nebraska and subsequently studied pharmacy. After engaging in his work as a pharmacist for several years he found that it was not a healthful occupation for him, and entered railroad work, in which he has been successful.

For a period of ten or twelve years he has been an active representative of locomotive engineers in matters relating to legislation in which they were interested. In a recent interview Mr. Watson, quoted in the Daily Missoulian, says that he gained his first interest in politics and matters of taxation when he heard W. J. Bryan lecture on political economy at the University of Nebraska. The paper already mentioned in commenting upon the success of the senator-elect says: "It was the public asking, What manner of man is this who has licked Ed Donlan, the veteran victor in many a gruelling political fight, the invincible state senator of Missoula county?"

"It may be well worth while to watch Burton Watson. He is a young, strong, presumably able, seemingly his own man, allied with the labor cause by the work he has done for so many years, a member of a union. May he not become a new leader of a group that under such leadership as he may be able to give some day be an important factor? Wherever he goes, whatever he does, he will be a marked man—the chap who beat Ed Donlan."

HEALTH TALK MADE AT FRANKLIN SCHOOL

Franklin-Morton Parent Teacher Association Meeting Last Night Addressed by Dr. R. V. Brokaw, Health Officer.

The regular meeting of the Franklin-Morton Parent Teacher association was held last night at the Franklin school. The attendance was almost the largest on record and the session was a very interesting one. Mrs. J. A. Bosarte, the president, presided during the program which included music and folk dances by pupils of the sixth grade. These features were arranged by the teachers, Miss Mayer and Miss Green, and added quite materially to the interest of the occasion.

Dr. Brokaw, county health officer, discussed various phases of public health and said among other things: School hygiene is one of the most important phases of public health administration. Authorities agree that 75 per cent of the appropriation for health work should be spent upon children of school age and under school age.

That school system is deficient which fails to recognize the fact that a child brings a body as well as a mind to the class room. The correction of physical defects is one of the important phases of preventive work among school children. Decayed teeth and defective tonsils in the child sometimes have a very direct relation to heart disease and kidney conditions in the adult.

Defective vision or defective hearing in the child may seriously impair the efficiency of the adult and may even contribute to delinquency.

The Jacksonville school system is providing splendid facilities for the correction of physical defects in the school children of the city thru the agency of the Josephine Milligan Health school and the efficient work of the school nurses. We can justly be proud of the fact that the Josephine Milligan school is one of the best equipped schools of its type in the state.

The serving of milk in the schools at the morning recess period is a very desirable feature, school authorities everywhere recognizing it as an important factor in the well being of every child.

By a close co-operation of the parent-teacher association and the city health department much can be done to further the promotion of health among children of school age.

At the close of the program came a very pleasant social time, when delicious refreshments were served.

A Bullied Bull

May Wirth, queen of equestrianism, had little trouble conquering King Jess Homestead De Kol, the \$75,000 bull owned by John M. Kelly of Harrington Park, N. J. King Jess was a gentleman first and last. He not only consented to Miss Wirth riding him but made little complaint when she walked all over him.

MATRIMONY

Dennis-Wirt
Centenary parsonage was the scene of the nuptials of James E. Dennis of Barry and Mrs. Belle Wirt of Hannibal, Mo., at 10:30 o'clock Tuesday morning, with Rev. C. D. Robertson officiating. Mr. Dennis is a cigar manufacturer in Barry, where the couple will make their home.

CHAPIN.

Mrs. Harry Onken was hostess to the Chapin Woman's club Tuesday afternoon. There were twenty-two members and two guests present. Roll call was responded to by "Something for Which Our Club Should be Thankful."

Mrs. P. H. Ham read an attractive story, "Glamour" by Rupert Sargeant Holland. A discussion of the program for next year followed at which time Mrs. Harry Onken was appointed to serve on the program committee in the absence of Miss Amy Onken. During the social hour victrola music was enjoyed and the hostess served delicious refreshments.

Mr. and Mrs. P. H. Ham entertained the Monday Evening club Monday night. There were four tables of "rook" and dainty refreshments were served.

Mr. and Mrs. Russell Hull and Mark Smith of Jacksonville spent Sunday with Mr. and Mrs. Grover Smith.

Henry Perbix went to Brunswick, Mo., Monday on business connected with his farms there.

THREE BIRTHS AT FRANKLIN MONDAY

Three children were born to residents of Franklin Monday. A son came to the home of Mr. and Mrs. Milton G. Seymour and the same was true of Mr. and Mrs. Raymond Gottschall, while Mr. and Mrs. Cleve Hull are the proud parents of a baby daughter.

Miss Catherine Deewer was a city caller from New Berlin yesterday.

Social Events

History Class Meets Today

Mrs. W. B. Young will entertain the History Class this afternoon at her home on Mound avenue. The program for the day is in charge of Mrs. Paul Thompson who will lead the discussion on "Modern Lyric Poetry." Mrs. Thompson will be assisted in the program by Mrs. William A. Fay, Miss Grace Carter and Mrs. J. O. Vosseller. At the close of the afternoon there will be a social hour and the hostess will serve refreshments.

No Elks Dance Thursday

Announcement was made yesterday that the dance scheduled for Thursday night at the Elks home has been cancelled. Lack of interest on the part of patrons is understood to be the reason for the fact that the affair will not be given.

Mrs. W. C. Cole is Honor Guest

Mrs. W. C. Cole was the guest of honor at a delightful surprise party given Tuesday afternoon by Mrs. C. E. Cole at her home on West College avenue. The affair was given on the occasion of Mrs. Cole's birthday and the guests included only her friends. There were about thirty-five guests invited and a pleasant afternoon was spent. Colorful autumn flowers were used in attractive home decorations and dainty refreshments were passed during the afternoon. The hostess was assisted in entertaining by Mrs. Frank Heintz, Mrs. H. M. Andre, and Mrs. Louise B. Inglis.

Entertain in Honor of Mrs. W. T. Harmon

The members of the advisory board of the Y. W. C. A. of Illinois College entertained at a charming affair yesterday at the home of Dean and Mrs. G. H. Scott on Grove street, in honor of Mrs. W. T. Harmon, a bride of several months. The afternoon hours were pleasantly spent with sewing on a comfort which is to be given to Mrs. Harmon as a wedding gift. At six o'clock a delicious supper was served to which the husbands of the advisory board members were invited. Table covers were laid for about sixteen guests and fall chrysanthemums were used in lovely table decorations. The evening was gayly spent with a number of games and amusing stunts for the entertainment of the guests.

Centenary Society Meets
The Queen Esther society of Centenary church met last evening in the social rooms at the church. Miss Ruth Wilkinson, Miss Edith Keller and Miss Ruth Patterson were the hostesses for the evening and a very enjoyable meeting was held. Miss Irene Arter was the devotional leader and Miss Eunice Haerle led the program. The mission study hour was devoted to the fourth chapter of the book, "In the Vanguard of the Race," which is the study book being used this year. At the close of the program there was a pleasant social hour and the hostess served light refreshments.

The N. M. Club

Holds Meeting.
The N. M. club met Tuesday evening at the home of Miss Katherine Thompson of Spaulding Place. There was a full attendance of members and several guests. The evening hours were pleasantly spent with music and dancing, refreshments being served just before the guests departed to their homes. The next regular meeting will be held at the home of Miss Louise Shannon on Rount street.

Enure and Dance at K. C. Hall.

The Knights of Columbus entertained Tuesday evening at their hall with a euchre and dance. About thirty-five tables were set for the games, and there were many who came only for the program and dance. A musical program was a part of the evening's entertainment, refreshments were served, and the dancing concluded the program at a late hour. Terence Sloan won first prize at euchre among the men and Mrs. Sloan won the ladies' prize. The evening was enjoyed to the fullest.

DOKAY TEAM BENEFIT.

The Dunbar Male Quartet and Bell Ringers, traveling under the auspices of the Redpath bureau, will give a program at Pythian hall Saturday night, November 25 as a benefit for the D. O. K. K. temple. The particular purpose is to raise funds to defray expenses of the drill team to Portland, next August. A splendid concert is promised.

Strain's Crossing Club

Meets With Mrs. Phillips.
The Strain's Crossing Country club had its regular meeting Tuesday afternoon at the home of Mrs. R. E. Phillips, east of the city. Mrs. A. E. Foster presented a paper on Woman Writers of Jacksonville, and roll call was answered with the names of literary leaders. A social hour with refreshments was not the least important of the program. Among the guests of the club were Mrs. Frank Shields of Jacksonville, Mrs. Elliot of Chapin, and the following neighbors: Mrs. Jennie Fox, Mrs. Stephen Du-lap and daughters, Mrs. Moy and daughter, Frances, Mrs. Amos Coker, Mrs. Oddy and Mrs. Hazel Thompson.

Mrs. Floyd Lashmet of Roodhouse was in the city Tuesday.

CHURCH ORGANIZATIONS

Social at Centenary Thursday

The Epworth League of Centenary M. E. church is planning a social for Thursday evening at the church. This will be the regular monthly social meeting of the league and an interesting program of reading, music and games is being arranged. Miss Garneda Phelps and Miss Catherine Wetzel are the members of the social committee in charge of the affair. All the young people in the church are invited and a very enjoyable evening is promised to everyone.

To Hold Sewing Today

The members of the Pastor's Aid society of Grace church will hold an all day sewing in the church parlors today. The time will be spent working on articles for the Christmas bazaar which is to be held on December 7th. At noon luncheon will be served by a group of ladies acting as hostesses.

SHERIFF-ELECT WILL WED MRS. SHIRLEY FRYE

Ceremony to Take Place in Little Rock, Arkansas.

Fulfilling rumors that have been current for a week past, Mrs. Shirley Strawn Frye and Sheriff-elect Oyer Wright left Tuesday morning for Little Rock, Ark., where their marriage is to take place. The ceremony will be performed at the home of a friend of Mrs. Frye's in that city. Subsequently the bride and groom will spend a week at Hot Springs before their return to Jacksonville.

Mrs. Frye is a daughter of Mr. and Mrs. James G. Strawn of South East Street and is popular with a wide circle of friends. Mr. Wright has spent the greater part of his life in Morgan county and that he has many friends was indicated by his successful race for the office of sheriff in the recent election.

Mr. Wright is to enter upon his duties the first Monday in December and it is assumed that he and his bride will make their home at the county jail residence.

LOYAL WOMAN'S CLASS WILL GIVE PLAY

Under the auspices of the Loyal Women's Class of Central Christian church two playlets will be given at the church Thursday evening. Miss Eleanor Thompson is the teacher of the class and the preparations that have been made make certain that the production will be staged in a very interesting way.

WITH THE SICK

Little Ellen Gatekunt of 1147 King street was able to return to school Tuesday after a week's illness with appendicitis.

Mrs. John Weaver who has been a patient at Passavant hospital for the past three weeks is much improved and will return to her home in Nebo today.

Palmer Hunt of the Jacksonville high school, whose illness has already been mentioned, was somewhat improved yesterday. His infected arm is being kept in a pack and the fever was lower yesterday.

MEETING AT THE TENT CONTINUE

The meetings held by the Church of God in Christ continue under the leadership of Elder Pinkston. The evangelist is to remain until Thursday or Friday. Large audiences are attending and the public is cordially invited to be present at these tent services.

LICENSED TO MARRY

Henry T. Shanahan, Jacksonville; Maye E. Koyné, Murrayville.
J. E. Dennis, Barry; Mrs. H. E. Wirt, Hannibal.

Dr. G. O. Webster of Roodhouse was noted as a local visitor Tuesday.

Mrs. Charles Rogers was a shopper from Roodhouse on the square yesterday.

Beauty Crowned

A bandeau of leaves is adopted as Nature's crown by Miss Mary Latta, noted London belle. This is one of the many fashions which has been adopted in court circles after introduction by Miss Latta.

HENRY SHANAHAN AND MISS KOYNE TO WED

Henry T. Shanahan, well known farmer from south of Jacksonville, and Miss Maye E. Koyné, living northwest of Murrayville, will be united in marriage at 9 o'clock this morning at St. Bartholomew's church. Mr. Shanahan, with Rev. Fr. Flynn in charge, Miss Florence McAvoy and Stephen Shanahan, brother of the bridegroom, will attend the couple.

A wedding breakfast at the home of the bride's parents, Mr. and Mrs. George Koyné, will follow the ceremony. Only a few friends and relatives have been invited to the church or home, and the appointments will be simple. The bride wearing her traveling dress for the ceremony. After a short wedding trip the couple will be at home at the groom's country place.

For several years Miss Koyné has been known as a teacher in the country schools, teaching at Oak Hill last winter. The groom is the son of Mr. and Mrs. P. T. Shanahan.

Traffic Problems Considered From Many Viewpoints

The traffic problems of Jacksonville were discussed in a way both frank and interesting at a meeting of the forum of the Chamber of Commerce last night. The theories most frequently advanced for relieving traffic conditions were one way streets, appropriating a portion of the Central park for cars, and the use of vacant lots not far from the business district for parking purposes.

J. H. Dial, who is president of the forum, turned the session over to Dr. W. P. Duncan, who presided as chairman of the traffic committee. Harold Welch serving as secretary.

Before the discussion of the traffic question began a very interesting program of legation was given by W. O. Baumgartner. The various mystifying "stunts" were received by the big audience with a great deal of appreciation. It was a session in which everybody present took part and those who did not speak voluntarily were called upon.

Before these one minute talks were given, Mr. Welch read a report from the various committees appointed several weeks ago to canvass certain streets and take special note of traffic conditions and the possible method of relief. These reports, which are presented below, give very clear idea of traffic conditions in the business district and the nearby territory.

Those who took part in the discussion last night were John W. Merrigan, C. E. Segner, J. A. Palmer, J. C. Lukeman, Dr. G. H. Kopper, George Lukeman, T. M. Tomlinson, A. G. Cody, Wood Phillips, E. O. Barr, A. R. Taylor, Harlan Williamson, W. A. Berryman, John W. Larson, M. E. Gilbert, Basil Sorrells, Stanley Wright, Dr. A. C. Bolle, Heironymous Bros., W. D. James, A. L. Black, Dr. C. E. Cole, J. G. Berger, N. E. Wheeler, Chester Joy H. Rodgers, Charles Fiedler, J. I. Graham, E. H. Gray, Simon Fernandes, Phil Gorman, Joshua Vasconcellos, Frank Matthews, Clarence Swaby, S. W. Babb, G. A. Faugust, Shanks Bros., J. H. Dial, J. C. Walsh, W. H. Cocking, Marcus Fulett, W. B. Rogers, T. W. Beadle, Lester Reed, C. H. Story, George B. Kendall, Dr. E. D. Cantasey, O. H. Cook, F. E. Farrell, H. L. Smith, J. S. Mackett, E. E. Crabtree, L. F. Randall, Dr. R. V. Brokaw, Ernest Roach, P. J. Blackburn, Harrison King.

The arrangements for the evening were in charge of the entertainment committee which includes A. G. Cody, J. I. Graham, Clarence York, J. G. Berger, M. E. Gilbert, Dr. E. D. Cantasey. The attendance prize for the evening was awarded W. D. James.

We recommend that parking be followed parallel with curb only. That front and rear wheels nearest the curb be not over eighteen inches from same. That no two cars be allowed to be parked parallel with each other. That a distance four feet be maintained between vehicles parked. That the traffic officers mark off spaces in white to establish proper parking of vehicles. That horse drawn vehicles be classed the same as motor vehicles, regarding the parking regulations.

2. That speed limit be increased to twenty miles per hour.

3. That if there is a state law providing that horse drawn vehicles show a light from the rear when on a public thoroughfare that this law be enforced in Jacksonville. That proper steps be taken to have this law enforced by the state officers. That the enforcement of this law be not only enforced on horse drawn vehicles but on bicycles and motorcycles or any other vehicle traveling on a public thoroughfare. That proper notices or tags be prepared and furnished to traffic officers and committee to be attached to cars or vehicles violating the regulations. Tags to be provided with stubs and each tag and stub numbered. License number and make of car to be filled out on stub and handed in. Gentlemen your committee: Rogers, Gillham and Brown wish to report on north side West State street from square to Church street.

We have concluded that fully nine-tenths of the time the traffic is not congested, and so no need of radical changes now.

Parking should not be indulged in on West State. Business property should have an open course to their place of business by their customers to turn in to be waited upon but hit to park. And in all cases cars should be stopped parallel with the curbing and close to the curbing within a foot or 18 inches.

The standing in at angles of 45 degrees or more is what congests the street especially when the street cars come along.

You will find the ordinance provides that cars shall be parallel and not over 18 inches from curbing.

If people could be educated and would think to drive either via of West Court street, Morgan street or South Sandy to West College avenue, which will soon be completed, the traffic on West State will be relieved very much. As it is now West State is the best street west hence everyone desires to go over it.

Further, we are as one that Central park shall not be mutilated. As the end does not justify the means, we do not believe in the square. But who is complaining. It must be the late comers, first come, first served, to park is accessible to us.

The police department could devote most of their time in giving individuals instructions as to traffic rules at no additional cost.

Sincerely Yours,

In reply to your letter of November 9, regarding the traffic problem.

Our committee is of the opinion that the best way to help our congested traffic, is to insist on the enforcement of the present thirty-minute parking law.

However, as this would mean an additional expense to our city, we would recommend that its enforcement be left with our honorable mayor and council.

Respectfully,
J. W. Merrigan.

East Court Street.
We find that by parking on one side of the street between the square and North East street, and no parking be allowed on either side of the street from North East street to alley "E" and that parking be permitted on both sides of the street from alley "E" to South Clay avenue.

We believe that this arrangement would be a great relief to the traffic regulations on East Court street from the North East corner of the public square, and this would allow two-way traffic on this street which we believe is advisable.

We further find that there should be no left hand turns on approaching the public square from east Court street and all traffic should be regulated so as to go straight west on entering the square or turn to the right on North Main street. This arrangement would avert a great many accidents at this corner of the square.

Respectfully yours,

BRILLIANT CAST TO PRESENT COMEDY

Mercedes Desmore Heads Company to be seen in "The Climax" Friday Night.

Mercedes Desmore, brilliant London and New York actress will star in Edward Look's famous comedy-success, "The Climax," to be presented in Jacksonville at the High School Friday evening under the auspices of the local chapter of the American Association of University Women. Miss Desmore will be assisted by Maurice Drew, noted as a comedian and also for his unusually fine acting in the New York production of "Madame X," and for having played the title role of "Cappy Ricks," in the road production. Many Jacksonville theatergoers will remember the latter actor in "Cappy Ricks," which appeared at the Grand two years ago.

The other two members of the cast are Franklin Ramsay, fresh from the New York cast of "Dulcy" and Albert Lowry, who played last year in "Lilom," "Pater Noster" a thrilling one-act play of the French Commune, has been added as a special attraction and will be given as a curtain raiser to "The Climax." Hilda Englund, the great Swedish-American actress, assisted by

practically an all star cast, will interpret this little masterpiece. Interest in the evening of "The Climax" to Jacksonville has spread to other cities and a number of Springfield people have already purchased tickets for the play. The cast for "The Climax" is one of the highest paid companies that has ever been brought to Jacksonville for a dramatic production. The play is presented by Laurence Clark, the same management which presented "The Marionettes," under the auspices of the Jacksonville Rotary club several years ago. "The Climax" is a professional New York production and the company is, without exception, the best company on the road this season. "The Climax" is being presented at the Artist Guild Theater in St. Louis this week and after leaving Jacksonville the company will go to the University of Indiana at Bloomington for a performance.

The American Association of University Women, thru its Jacksonville chapter reaches many people in the territories surrounding Jacksonville. Members of the organization are to be found in Winchester, Waverly, Chapin, Franklin, Bluffs, White Hall, as well as in Springfield where there is another chapter of the national organization. The presentation of "The Climax" is therefore not merely of local interest, but fortunately with a dramatic production of such merit, reaches a great number of people.

REGULAR MONTHLY TEACHERS' MEETING

The regular monthly teachers' meeting of the Jacksonville public schools will be held on Saturday, November 18 from nine o'clock until eleven in the morning. At this time there will be a general session at which Superintendent Shafer will outline the work in the schools and sectional meetings of the different grades.

Miss Lena Hopper will have charge of the sectional meeting of the first three grades. Mrs. Sibert will take charge of the meeting of the teachers of the 4th, 5th and 6th grades; Miss Laura White of the Junior High School and B. F. Shafer of the senior high school. At these sectional meetings the plan of work to be carried out during the coming month will be discussed.

ATTENTION GOLFERS

The Public Library now has the "American Golfer" magazine on its subscription list and all lovers of that great game will be interested to know that it can be read here. It is published every other Saturday and edited by Grantland Rice. It is a pictorial magazine full of splendid illustrations that are fascinating in themselves aside from the vast amount of reading material that is in the magazine. It is for advanced players as well as beginners in golf. The Nov. 4 number has a splendid article on "Golfing thru Latin America" by Earl Chapin May, also an amusing article by Grantland Rice entitled, "People I Don't Golf With Twice." It also has a reply to queries column that may help the puzzled player. It has a column for the women players also that will be particularly enjoyed and this number has a long article entitled, "Watching the femmes play golf." Read this new magazine at the Public Library.

MRS. DOWNING TAKES DOMESTIC SCIENCE POST

Mrs. Helen Harrington Downing has resigned as Director of the Department of Food Economics of Armour & Co. Chicago, however, has not lost Mrs. Downing who is nationally known as one of the leading Domestic Science experts of the country. She has moved from the big Armour establishment to take charge of the Home Economics Department of the Calumet Baking Powder Co.

Mrs. Downing's new position will afford her a broader field as the Calumet Company have initiated a Domestic Science campaign for the benefit of American housewives, that practically will touch every home in the United States. As a lecturer on dietetics, cooking and Domestic Science, Mrs. Downing has appeared before many important Women's Clubs in the United States. She brings a prestige and wide experience to her new duties.

TOO MUCH OF A GOOD THING

"It is six years since I had my first stomach trouble. It rapidly grew worse. My food would not digest and I was reduced to skin and bone. My doctor put me on a starvation diet, and when my pains grew worse I concluded it was too much of a good thing. On the advice of my druggist I tried Mayr's Wonderful Remedy, and am now entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

"THE MOTHER OF MEDICINE"

Isis, the Queen and afterwards the Goddess, was called the "Mother of Medicine." In ancient Egypt, centuries before Christ, women were skilled in medicine. They knew the great value of medicinal plants. Hippocrates, the "Father of Medicine," many centuries later, knew less of the merit of vegetable drugs than did the women of ancient times.

Lydia E. Pinkham, nearly fifty years ago, gave to women her Vegetable Compound, now known everywhere as Lydia E. Pinkham's Vegetable Compound. This is a woman's medicine for women's ailments, prepared from medicinal plants.—Adv.

The Evidence of a Better Understanding

THE last four years have marked the growth of a better understanding between the Standard Oil Company (Indiana) and the public it serves. This better understanding is evidenced by the fact that four years ago there were but 4623 stockholders on the books, whereas today the number has increased to 26,560.

Misunderstanding necessarily disappears when people are frank. In the last four years the Standard Oil Company (Indiana) has published in a frank and open manner a vast amount of important news concerning its methods of refining and distributing petroleum products. It has explained the factors upon which prices are based; it has given figures which explain why the demand for its products, and especially for gasoline, is continually increasing; and by its frankness the Company has prospered.

The efficient and economical refining and distribution of petroleum products is a highly specialized business requiring years to develop. The very permanency of the Standard Oil Company (Indiana) is a dominant factor in the high quality of its service. Because of this permanency the management of the Company has been able to mature and carry out plans for service which required long periods of time and great sums of money to accomplish.

In its efforts to provide a perfect service, the Standard Oil Company (Indiana) has developed a constructive and comprehensive Industrial Relations Plan to promote harmonious relations between the management and employee. This program includes adequate retirement annuities, modern safety devices, continually improved working conditions, and a practical plan whereby employees are enabled to accumulate savings and invest them.

This program tends to make all employees better citizens and better workers, vitally interested in serving the public.

The Standard Oil Company (Indiana) believes in fair dealing toward all, the public, its customers, its competitors, and its employees.

Willie Hoppe Winner Over Horemans

NEW YORK, Nov. 14.—Willie Hoppe gave one of his most impressive exhibitions with the cue and ivory globes while engaged in defeating Edouard Horemans, the Belgian champion, tonight in the international 18.2 balkline billiard championship tournament. The appearance of Hoppe in the competition to regain the crown which Jake Schaefer took from him was marked by brilliant and sensational play as he outplayed the Belgian by the score of 500 points to 177.

Hoppe maintained close formations for his combinations throughout the game. Much of this manipulation was balk line nursing of the truest type. While not entirely free and fluent of stroke, for there was a propensity to fiddle on occasions and especially when attempting a masse. Hoppe's employment of English, angles and speed so completely mastered Horemans as to leave him hopelessly trailing after the early innings. Hoppe's average was 55.5-9, the best of the tournament so far and his high runs, 134, 99 and 97.

Horemans did not employ his famous masse with the usual success. His average was 19.6-9 and his best runs 70, 62 and 25.

In the two matches scheduled for tomorrow, Welker Cochran meets Rich Hagenlacher, the German, in the main bout at 2:30 p. m. The night game will be between Roger Conti, Frenchman, and Jake Schaefer.

Edouard Horemans, the Belgian, won the bank for lead in the night game. He missed leaving Willie Hoppe a set up which the former champion proceeded to employ for caroms across the end rail at the foot of the table. Hoppe drove on his 15th shot and then at 16 missed a short direct carom; on the whole Hoppe seemed to be in excellent stroke. On his second turn Hoppe was rolling the balls out of the corner square when at 25 he failed to get the balls out of bank.

Horemans displayed all the delicate wizardry of his stroke, counting 62 on his third turn. Much of it was a center panel nurse with an occasional sparkling masse for which he is famous. A faulty direct draw that missed connection with the second object ball terminated the turn. Hoppe followed with 40 shots and then failed to get the first object ball on a play across the faces of the lined orbs. Hoppe approached the half way mark in his string with a run of 134 tallied in his fifth inning. It sent him to the lead at a total of 216 to 72. While amassing this big cluster Hoppe held the ivories in close formation. Much of the time it amounted to a line nurse. He freely resorted to brilliantly executed bank shots to solve several lineups in an effort to maintain position. During the middle section of the run the balls scattered. Hoppe led them by gentle stages to the head of the table where he missed an attempt to overcome a lineup.

Dispelling all doubts of his ability to pick off the caroms in any part of the table Hoppe back his big run with 99. It was of much the same character as its predecessor. The thing that the former champion did reveal was a lack of security when compelled to masse. His fiddled and seemed hesitating. But he never missed on this difficult department of cueing. As in the other run the ivories eventually rolled wide, Hoppe missing on a three cushion carom in which the cue ball traveled thirty feet and failed to connect because of faulty English. Hoppe stood at 315 at the end of this run with Horemans at 82.

Horemans at this stage was matching the former champion well at close caroms, but with the missing of two draw shots and two masses his chances vanished. Another long run, this time of 97, carried Hoppe past the 400 mark. At the close of the eighth inning the Belgian was trailing 177 to 412; and Hoppe's next turn terminated the play.

Summaries:
 Willie Hoppe, spot ball:
 16 25 49 1 131 99 0 97 98—Total 500 points, average 55.5-9; high runs, 134, 99 and 97.
 Edouard Horemans, white ball:
 0 5 62 5 0 10 70 25 0—Total, 177 points, average 16.6-9; high runs, 70, 62 and 25.

Contol Defeats Cochran
 New York, Nov. 14.—Roger Conti, champion of France, defeated Welker Cochran of the United States 500 to 376, this afternoon in the second match of the international 18.2 balk line billiard tournament.

Conti's average was 29.7-17, and his best runs were 141, 103 and 85. Cochran finished with an average of 22.2-17 and high runs of 109, 102, and 79.

The play by innings follow:
 Conti—0, 0, 0, 0, 24, 3, 0, 85, 15, 47, 0, 8, 103, 1, 4, 141, 69—Total, 500.

Cochran—0, 1, 0, 8, 0, 1, 0, 8, 22, 2, 0, 8, 31, 109, 102, 5, 79—Total, 376.

Referee, Albert J. Cutler.
 Through the contest Conti displayed excellent control once he had gauged the speed of the table. His close ball to ball billiards was excellent. At the end he made a nervy finish after Cochran has established a slight lead.

London, Nov. 14.—Negotiations are proceeding for a bout between Joe Beckett, the British heavy weight champion, and Georges Harpenter, the meeting to take place in London early in the new year. The negotiations are still in tentative stage.

Notes from the Big Ten Camps

MINNESOTA

MINNEAPOLIS, Minn., Nov. 14.—Today was an additional day of rest for the Minnesota varsity football team.

The Gopher scrubs and freshmen were taught Michigan plays to be used in preparing the varsity for its final game of the season with the Wolverines here November 25.

Ted Cox, the big right tackle, will play no more this season because of his bad knee which has been repeatedly injured. Coach Spaulding and physicians fear further efforts would terminate Cox's career it was learned today.

IOWA

IOWA CITY, Iowa, Nov. 14.—With Leland Parkin still crippled indications tonight were that Eddie Rice of Maquoketa, would start at quarterback for Iowa Saturday against the University of Illinois football squad went thru strenuous scrimmage today. The freshmen used Chicago tactics with success. Runcie Clark will be placed at the pilot's position Saturday and it is expected that Chris Woodard will play fullback. Jim McMillen will be at right guard, "Gandy" Miller will be other guard and Vivian Green will play center.

ILLINOIS

CHAMPAIGN, Ill., Nov. 14.—In preparation for a hard contest with the University of Chicago next Saturday the University of Illinois football squad went thru strenuous scrimmage today. The freshmen used Chicago tactics with success. Runcie Clark will be placed at the pilot's position Saturday and it is expected that Chris Woodard will play fullback. Jim McMillen will be at right guard, "Gandy" Miller will be other guard and Vivian Green will play center.

MANY PUGILISTS STRANDED IN CUBA

NEW YORK, Nov. 14.—A number of pugilists are stranded in Havana without funds because of inability to collect their share of fight purses, according to Joe Selmer, New Jersey bantamweight boxer who returned today from the Cuban capital. Selmer charged that the Havana boxing commission had taken no steps to see that the Americans were reimbursed. Selmer was accompanied by Frankie Genaro of New York former Olympic flyweight champion, who was unable to box the Cuban flyweight titleholder, Valdez, because of the latter's illness. Selmer defeated Louis Sardnes, Cuban bantamweight champion in an eight round bout at Havana.

COFFEYVILLE MAN WINS GOLD MEDALS

KANSAS CITY, Mo., Nov. 14.—Fred Etchen of Coffeyville, Kansas, won all three of the gold medals offered for the opening day shooting at the annual trap shooting carnival today in which notable shots from all over the country participated. He broke 150 straight targets. Those who approached nearest his score were J. R. Elliott of Kansas City, and G. W. Warren of Chicago who each broke 75 straight.

Frank Snyder of Kansas City is scheduled to defend his title as holder of the Elliott interstate flyer handicap against all comers tomorrow.

BOXING FEDERATION BARS BATTLING SIKI

ROME, Nov. 14.—Tentative efforts to arrange a match between "Batling" Siki and Giuseppe Spalla of Milan have resulted in the closing of the doors of every boxing club in Italy against the Senegalese.

The Italian boxing federation learning that Siki's friends in Milan where he is well known and has appeared several times were making overtures for a bout between him and Spalla informed all promoters in Turin, Milan, Naples and Rome that their licenses would be revoked if they staged a match in which Siki participated.

I. C. MEN DEVELOP WINNING TEAMS

Two former Illinois College football players are this year coaching winning high school teams.

At Flora Byron, "Bo" Cully has a team that has not lost a game or been scored upon. Last Saturday Cully's team journeyed to Harrisburg and buried the team of that city under a score of 37 to 0. Up to that games Harrisburg had not lost a game or had its goal line crossed.

At Hillsboro Ramsey "Pat" Anderson is coaching. Last Saturday Anderson's team came thru with a 54 to 7 victory against Edwardsville.

ROOKIE RULE IS CHANGED IN M. V. L.

Cedar Rapids, Iowa, Nov. 14.—The "rookie rule" was changed to include six veterans instead of five on each team of the Mississippi Valley League at their annual meeting today.

M. V. Sexton of Rock Island, was re-elected president. The next meeting will be held after the first of next year when two more cities may be admitted.

FIGHTING ILLINI IN LOCAL BATTLE

Men Fighting for Places on Team in Chicago Game—Some of Regulars Have Hard Time to Hold Jobs.

URBANA, Ill., Nov. 14.—Zupke's fighting Illini are fighting among themselves—for the privilege of starting in the annual combat with Chicago on Stagg field Saturday.

One of the interesting duels is between Leonard Umnus of Menominee, Mich., and Roy Miller of Urbana. Umnus had been playing guard regularly. Last week, however, young Miller, a sophomore, attracted Zupke's attention and he ordered that he be given his chance against the Badger line. Miller must have delivered the goods because he struck out the game.

The Illinoisan is a son of Andrew J. Miller, Urbana attorney, formerly state's attorney of Champaign county. He will have to battle hard this week to retain his place because the stocky line-man from Michigan is a fighter.

There will hardly be many changes in the complexion of the state team when it invades the Midway. Sam Hill may be available for fullback. Chris Woodward, regular fullback, may also be able to start. But Emil Schultz, despite his inexperience did pretty well against the Badgers and he isn't going to let anyone take the job without a scrap. Schultz is a sophomore from Geneseo, Ill.

Illinois, still inspired by its wonderful comeback against Wisconsin fully realizes that Chicago is a powerful aggregation, fortified by John Thomas, greatest fullback of the day. And Stagg uncoiled a bewildering forward pass attack against Ohio. How to halt a driving attack headed by Thomas and a passing game at the same time is a pretty stiff problem, even for the resourceful Zupke.

Runcie Clark seems to be all right and will pilot the Illini against the Maroons. Runcie played mightily well at Madison, especially when it is considered that he had not scrimmaged for two weeks.

With Chicago tickets all gone state fans are breaking their backs for Ohio-Illinois pasteboards. Just how many will be available will not be known until Ohio finds out if it needs 4,000 tickets. The best advice is "hurry," says Business Manager Beach.

GRANDMA'S DAY AT THE RIALTO

At our matinee today we will admit free every Grandma accompanied by grandchild. Walk up to the ticket taker and say: "I am a Grandma, this is my grandchild. We have come to see Harold Lloyd in 'Grandma's Boy.'" You will both be admitted free to the best laugh show ever presented in this city.

M. P. Sunday School of Chapin and Concord Enter Into Ten Weeks' Contest—Other Chapin News Notes.

CHAPIN, Nov. 14.—The M. P. church Sunday school have accepted a challenge from the M. P. church Sunday school in Concord for a ten weeks' contest for increased attendance to be based on a percentage of gain in average attendance. The contest starts November 19 and both schools are entering in an enthusiastic spirit and good results are anticipated. The superintendent of the Concord school is Roy Nickle and of Chapin Harry Onken.

Mr. and Mrs. P. H. Ham were called to Jacksonville Saturday by the death of Mrs. Robert Duncan, who passed away at her home on Lafayette avenue, Saturday morning. Mrs. Duncan was well known here having resided here for many years, and her many friends express sympathy to her bereaved family. Mr. and Mrs. Ham remained until Monday to attend the funeral services Monday afternoon.

H. K. Onken has been confined to his home for several days suffering with cold.

Mrs. E. F. Antrobus went to Griggsville Monday to visit her daughter, Mrs. Boone Stead.

Miss Marie Askew of Manchester is the guest of relatives and friends in the neighborhood. Alden Allen is on the sick list, suffering with a severe cold.

The Woman's Missionary Society of the Christian church will hold an open meeting on the evening of December 17. There will be an address by Mrs. J. M. Stearns, on "United Christian Missionary Society of St. Louis."

Tickets for "THE CLIMAX" to be given here Friday night under the Auspices of University Women can be reserved at Brown's Music Store.

MISS MALONEY TO WED LEO GEER

Ceremony Will be Said in The Church of Our Savior Tomorrow Morning—Will Reside in Carrollton.

The marriage of Miss Mary Agnes Maloney of the Morton Road, and Leo Geer of Carrollton will be solemnized tomorrow morning at 7:30 o'clock at the Church of Our Savior in this city. Reverend F. E. Formaz will perform the marriage ceremony and a small company of relatives and friends will be present at the wedding. Miss Eulalia Agnes Hamlin, of Carrollton will be the bridesmaid and Clarence Maloney a brother of the bride, will be the groomsmen.

Miss Margaret Ring will be at the organ and play the wedding march and also will play at the ceremony. Preceding the marriage rites Miss Agnes Devlin will sing a group of songs. At the close of the church ceremony a few relatives and friends will be guests at a wedding breakfast to be given at the home of the bride's parents, Mr. and Mrs. M. P. Maloney, east of the city.

Mrs. W. H. Mason, an aunt of the bride to be is entertaining at pre-nuptial dinner this evening at her home on South Main street. The affair will be for the members of the bridal party and the parents of the bride and groom. Covers will be laid for about twelve guests and a delicious dinner menu will be served.

The bride to be is the daughter of Mr. and Mrs. M. P. Maloney, who reside on the Morton Road east of Jacksonville. The family formerly lived in Carrollton and came to this county to make their home last March. Though Miss Maloney has only lived in this vicinity a short time she has many friends here. Mr. Geer is the son of Mr. and Mrs. Albert Geer of Carrollton and is with the firm of Geer and Company in that city. The young couple will make their home in Carrollton.
